One in four girls and one in seven boys will be victims of child sexual abuse by the time they reach the age of 18. As unimaginable as those numbers are, they only represent REPORTED cases. You have the power to help start changing these numbers. Make plans to attend a free forum on child sexual abuse that will address how adults can help identify, appropriately respond, and access help for any age survivor of child sexual abuse as well as provide some insight into the people who perpetrate this crime. Attendees will have the opportunity to ask questions of experts including a survivor of child sexual abuse.

12:30-1:55 School Threat Assessment: “Preventing Targeted Violence in School”

&

2:00-3:25

For: Teachers and Administrators PreK-12

Place: MCHS Cafeteria (located on 2nd floor)

PIC/Presenters: Brian Carter and Terry Atkins
Macon County School System SROs

The primary goal of the Safe School Initiative has been to provide information about the thinking and behaviors of students who have planned and carried out instances of targeted violence in American schools. This session will help provide guidance in the threat assessment process for managing and preventing school violence.
